Dr. Ravishankar Polisetty, a luminary in healthcare innovation. His expertise transcends traditional boundaries, encompassing roles as a distinguished Cardiovascular Surgeon, Naturopath, Data Scientist, Python programmer, and a scholar well-versed in Sanskrit scriptures and a member of prominent global Cardiac surgery associations, including PCSI, EACTS, ESCVS, RSCVS, and the Russian Avia-Cosmic Medical Association. And he is also a member of IEE and CTA. With a rich background in medical research and technology, he aims to blend indigenous healthcare systems with modern medical advancements, and through a collaborative approach is working towards tapping into the \$1.2 trillion global end stage healthcare market. Having pioneered innovative ayurvedic research he made immense contributions to regenerative medicine, with animal models demonstrating heart regeneration for the first time in the world. As a digital health expert, he's developed cutting-edge "Docture-Poly," an AI MLoT platform offering personalized natural health solutions. He holds several patent pending technologies in Health care and AIML fields (17 patents filed and another 41 are undergoing search) and is recognized with the several national and international awards including the "Lead India Bharath Ratna" memento among others.

PCSI- Paediatric Cardiac Society of India (from 2013)

EACTS European Association of Cardio Thoracic surgeons (from 2009 - Present)

ESCVS (European Society of Cardio Vascular Surgeons) - 2009 - Present

RSCVS (Russian Society of Cardio Vascular Surgeons)) - 2007 - Present

Russian Avia-Cosmic Medical Association - 2002 - present
